EXPIRATION DATE: 25/08/2025 (Day / Month / Year)

In order to use the software beyond the trial period, progeCAD needs to be registered on each PC where it has been installed. To complete the registration, please follow one of the methods offered below:

METHOD 1:

1 - Download the latest version of progeCAD 2025 Professional from the following link:

https://download.progecad.com/products/professional/2025/downloader_pcad2025procsy.exe

This step is not required if you already have a copy of the executable

2 - Install it and register it on each PC where it should be used.

METHOD 2:

To facilitate progeCAD's deployment on all your PCs, progeCAD offers an automatic procedure that executes registration and installation together:

1 - Download the progeCAD installation package in the ZIP format from one of the following links:

<https://download.progecad.com/products/professional/2025/pcad2025procsyx64.zip>

2 - Extract its contents from the downloaded ZIP archive in a network folder accessible from every PC that will host progeCAD

3 - Copy the file attached to this e-mail (regdata.dat) into the same network path

4 - Run the unzipped .EXE file from the network path on each PC.

At the end of the installation the registration will be automatically performed.

Note: The product you have ordered requires a "regdata.dat" file to make an automatic registration; make sure you have received this file as attachment to this email.
